

Abrar Naufal Prasetya, S.T.

Geospatial & Government Data Practitioner — GIS / Village Information Systems / Climate & Disaster Risk

Jakarta, Indonesia • abrarnaufalprasetya@gmail.com • [linkedin.com/in/abrar-naufal-prasetya-367b75161](https://www.linkedin.com/in/abrar-naufal-prasetya-367b75161)

PROFILE

Geospatial and government data practitioner working at the intersection of GIS, village information systems, climate & disaster risk, and evidence-based rural development. Research direction explores GIS-based disaster risk assessment, satellite-based geospatial indicators, village-level climate risk mapping, and disaster-resilient rural planning, linking terrain, hazard, environmental, socio-economic, and governance indicators to improve spatial prioritization and the targeting of Village Fund interventions.

PROFESSIONAL EXPERIENCE

First Expert Computer Systems Analyst

Jan 2025 — Present

Pusdatin, Ministry of Villages and Development of Disadvantaged Regions

Policy Analyst

Feb 2024 — Jan 2025

Ministry of Villages, Development of Disadvantaged Regions, and Transmigration

Natural Resources Data Analyst

May 2022 — Feb 2024

Ministry of Villages, Development of Disadvantaged Regions, and Transmigration

SELECTED PROJECTS

Village Spatial Data — WebGIS IRID Prototype (2026—Present)

Self-directed research: a Mapbox/GIS prototype visualizing village-level climate risk index data, preparing a broader research direction integrating spatial village data with the Village Information System.

Spatial Data & Application Support (2025—Present)

Supporting data access services, thematic mapping, application planning, system testing, and coordination with third-party developers for ministry-level information systems.

Disaster Resilience Policy Brief Support (2022—2025)

Contributed to policy-brief development on disaster resilience, mitigation, and disadvantaged-region development, including field-based information gathering and stakeholder discussions in East Nusa Tenggara.

EDUCATION

Institut Teknologi Bandung (ITB) — Bachelor of Engineering, Geological Engineering • 2013—2020 • GPA 3.35 / 4.00

Background in geological mapping, geomorphology, structural geology, hydrogeology, engineering geology, and terrain interpretation.

SKILLS & TOOLS

QGIS • ArcGIS • Mapbox • GeoJSON • WebGIS • HTML / CSS / JavaScript • Excel / Google Sheets • Data Cleaning • Tabular–Spatial Integration • Thematic Mapping • Geological Mapping • Geomorphology

HIGHLIGHTS

- 2026 — LPDP Scholarship Candidate / Sponsored Applicant; Letter of Sponsorship for Master's applications to Tohoku University, Nagoya University, and Kyushu University
- 2025 — Indonesian Agricultural and Rural Development Officials Capacity Building Workshop, Beijing
- 2025 — 3rd Place, Ministry of Villages and Development of Disadvantaged Regions English Speech Contest
- 2025 — Cybersecurity Awareness in Electronic-Based Government Systems — Digital Talent Scholarship
- 2022 — Second Best Participant, Basic Training for Civil Servant Candidates
- IELTS 6.5 (Academic English)
